SAFETY FIRST

General safety and security rules at Fiberline:

We work with hazardous chemicals - do not touch materials and surfaces

Alcohol is prohibited

Food and beverages may only be consumed in the canteen and office areas

Smoking and naked flames are only allowed in designated smoking areas

Photography and all use of camera equipment are prohibited.

We recommend using the handrail when going up and down the stairs

Please wear your visitor's ID visible at all times

If you are in doubt, please ask your Fiberline contact person.

When visiting the production areas

Beware of moving traffic when visiting the production areas

The following personal protection equipment must be worn:

Safety glasses

Safety shoes

Safety vest and long trousers

Hearing protection where required

Emergencies

At the start of your visit a member of our staff will inform you about fire alarms, emergency exits, and the emergency assembly point.

In case of fire:

- ▶ Use signposted escape routes
- ▶ Go to the emergency assembly point immediately

In case of accident or injury:

- ▶ Keep calm and do not panic
- ▶ Assess the overall situation
- ▶ Remove further dangers
